

JCT Home Privacy Policy (ver. 2025001)

Welcome to download and install JCT Home (hereinafter referred to as this APP) launched by JCT Ltd. (hereinafter referred to as the company).

Article 1. Scope of application

1. The Privacy Protection Policy contains how the App handles various personally identifiable information collected when you use the Service.
2. The Privacy Protection Policy does not apply to relevant links and external web pages other than the App, nor to third parties who are not commissioned by or involved in the management of the App.

Article 2. The manner in which personal data is collected, processed and utilized

1. When you download the App or use the functions provided by the App, depending on the nature of the service function, you are requested to provide the necessary personal information and process and utilize your personal information within the scope of that specific purpose without your written consent (except in the case of Article 5 proviso).
2. The App will retain your name, electronic mailing address, contact details, hours of use and other necessary information when you use interactive features such as service mailboxes and surveys.
3. In general connection, the server will record its own relevant behavior, including product basic information you use, connection equipment IP address, product return information, usage time, operating system, browsing content, click data and trajectory history.
4. To provide precise services, the APP will perform statistics and analysis on the collected content, present the statistical data or explanatory text of the analysis results, except for internal research, will publish statistical data and explanatory text as needed, but do not involve data of specific individuals.
5. The information related to product installation location and other information collected when registering this APP is required to activate the remote service function and collects information such as user location in

background operation. Such information is not collected if the user does not use the remote service function and such information will not be used for other purposes.

Article 3. Protection of Data

1. The App host (including server related) is equipped with strict firewall, anti-virus system and other related information security equipment and necessary security protection measures to protect the website network system and your personal information.
2. If it is necessary to entrust a third party to provide services due to business needs, the App will also strictly require them to comply with their confidentiality obligations and take the necessary checking procedures to determine that they will indeed comply.

Article 4. Relevant links to the outside of the website

You can click to access other websites via web links to other websites provided by this App. However, the privacy protection policy of the App does not apply to the linked website.

Article 5. Policy on sharing personal information with third parties

The App will never provide, exchange, rent or sell any of your personal information to other individuals, groups, private businesses or public authorities, except where legal provisions or contractual obligations are imposed.

The circumstances of the proviso in the preceding paragraph include, but are not limited to:

1. With your written consent.
2. The law expressly stipulates.
3. To avoid danger to your life, body, liberty or property.
4. Cooperation with public authorities or academic research institutions, based on the public interest necessary for statistical or academic research, and where data has been processed or collected by providers cannot identify specific parties based on their disclosure pipeline.
5. When your use of the App violates the rules and regulations of the

Agreement or may damage or obstruct the rights and interests of the App and other users or cause damage to anyone, the disclosure of your personal information is determined by the Administrator of the App to be necessary for identification, contact or legal action.

6. When the App entrusts a third party to assist in the collection, processing or use of your personal information, it will be responsible for the supervision and management of the third party.

7. Disclose your personal information to third parties that provide business-related services for the APP, such as escrow, data analysis, payment and credit card processing, infrastructure provision, IT services, customer support services, email sending services, and other similar services, thereby enabling third parties to provide services to the APP.

8. Disclose your personal information to the network, system customers and other business partners who directly or indirectly provide you with equipment or that you use to use the APP Services.

9. Disclose your personal information to third parties in the event of a reorganization, merger, sale, joint venture, transfer, assignment or other disposition of all or part of the business, assets or stock (including, but not limited to, circumstances related to any bankruptcy or similar circumstances).

10. All other circumstances based on circumstances favorable to your interests.

Article 6. Amendments to the Privacy Protection Policy

This APP privacy protection policy will be amended from time to time depending on demand.

Article 7. Contact Information
